

## A Magnificent Road.

It is a revelation to most people to know that such railway equipment exists South of the Ohio river as that of the Queen & Crescent Route. The block system; electric equipment such as track signals, electric headlights, and crossing gates; together with a perfectly lined, rock-ballasted roadbed, all provide for the swift and safe movement of passenger trains of the most luxurious pattern. The Vestibule Limited leaves Chattanooga over the Queen & Crescent Route daily, on schedules which each year are made a little shorter, through scenery which is unsurpassed. Solid trains to Cincinnati, nine and one-half hours. Through Pullmans to Louisville 10 hours.
